Background:

Organization for Welfare and Humanitarian (OWH)is a non-political, nonpartisan, nonprofit and independent organization founded in 2017. OWH is established to serve as the national advocate for high quality and evidence based public health practices. Utilizing public health networks and experts, OWH recognizes great and pressing need for reforming the Afghanistan health system to ensure access to the delivery of the best preventive measures and high quality health services for all Afghans in an equitable manner. The main function of IERT team to suppress the transmission of cholera through the implementation of appropriate activities for each suspected case.

Main Responsibilities

- Coordinate with HER implementer, representatives of water and sanitation institutions, DHOs, village chiefs and other local representatives.
- Assess and support the overall analysis of sectoral needs and priorities and the definition of strategies and standards to ensure the delivery of safe drinking water to affected population in accordance with national and international humanitarian standards.
- Attendance and participation in WASH sector Technical Working Groups and forums as and when required including dissemination of progress updates with stakeholders and ensuring alignment with other sectors.
- Provide overall technical guidance to UNICEF's Implementing partners, RDCs, Local Authorities and NCU to carry out WASH emergency humanitarian program delivery, formulate, implement, and monitor planned WASH activities while ensuring alignment with the region strategies and quality of rights-based approach.
- Conduct field visits to cholera-affected areas as required in coordination with the partners and other government counterparts and ensure dissemination of findings with the appropriate authorities for necessary action.
- Support donor missions to cholera-affected areas.

- Collaborate with the design and effective implementation of a monitoring plan to follow up the implementation of UNICEFs emergency humanitarian response in the WASH sector, incorporating required changes into WASH activities, with special attention to special needs of women, children, and people with disabilities and other cross-cutting areas.
- Provide emergency WASH situation reports, field reports and donor update reports as and when required with inputs from IPs and government ministries.
- Support collation of data from the field including making inputs for donor.
- Promote effective Knowledge management and communication through sharing good practices, and lessons learned, including providing inputs/liaising with Communications on Human interest stories for reporting and advocacy purposes.
- Ensure UNICEFs engagement and contribution and participation in cross-sectoral assessment, analysis and evaluations of the emergency response and post-distribution monitoring of supplies.
- Provide technical support to the WASH section in emergency preparedness and response plans based on cholera emergency programmatic requirements.
- Support convergence and joint implementation with other UNICEF sections
- Respect and follow OWH/UNICEF rules and regulation and proper attitude against the clients for their satisfaction.
- keep record of activities on daily bases and submit reports to the project supervisor on time.
- Attending and participate in all necessary meeting, workshop and training.

Minimum Qualification and Experience:

- Degree from Recognized University
- 5-10 years' experience in mentioned areas, working with community-based structures
- Fluent in Pashto and Dari
- Ability to travel to remote and far to access areas.
